I concluded probable cause existed to arrest Kaye for domestic assault and battery. Kaye was advised that he was under arrest for the above charge and he was transported to Milford Hospital by Hopkinton Fire. Kaye was treated in the ER and he received four sutures above his right eye and released once the effects of the drugs wore off enough that the ER Doctor was no longer concerned about his safety.

I spoke with Elwell at Milford Hospital, as she was transported by Upton EMS for drug impairment and to be evaluated for injuries. Elwell stated that she did not want Kaye arrested and was not in fear of him. She stated that she did not wish to receive an abuse prevention order. I advised her of her domestic violence rights and she again stated she was not in fear of him.

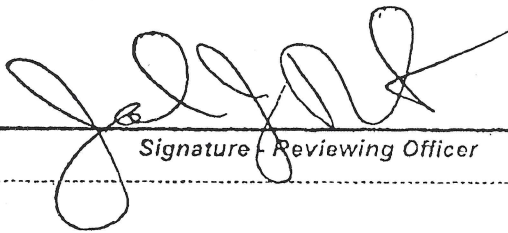

Kaye was transported to HPD and booked per departmental policy. Kaye was transported to Framingham District Court for arraignment. Kaye was arrested in January of 2015 for domestic assault and battery against Elwell. In that incident, Kaye was allegedly involved in an argument with Elwell while she was driving down the street and grabbed the steering wheel and forced the vehicle to crash into a tree at high speed.

Photo's of the injuries were attached to the report. An immediate threat was completed and faxed to the RMV.

Respectfully Submitted,

Officer John Moran
