Re: Drug Abuse Assessment

Dear Mr. brianbob

I performed a basic substance abuse assessment for Drug Abuse in reference to asd pending reckless operation case. This assessment included the administration of: an AUDIT, a MAST, a depression screening, and a clinical interview. The following are my findings and recommendations:

Substance(s) of Concern:

AUDIT: substance dependence= 10; substance abuse = 5

MAST: score= 12; indicates

DSM/Other Substance Related Concerns:

 Anxiety Screening:

Clinical Interview/Summary:

DIAGNOSIS in reference to substances:

Recommendations: I have no further professional recommendations for no drug at this time. If she incurs any impaired driving charges in the future I recommend she seek additional evaluation.

asdf has signed a release to communicate the results of this assessment to you. Feel free to contact me should you have any questions about this assessment.

Sincerely,
